## **Cretaceous Life**

**Life in the Chiltern Hills 80 million years ago -**

Look at the 3 fossils you have been given and answer the following questions:

**1. Draw each fossil and write the fossil's common name (you can use your flow chart to help or your teacher will help:**

**2. What do you think the fossils tell us about this part of Bucks 80 million years ago,**

**e.g. did this animal live in:**

**(i) the sea**

**a river**

**on land**

**(ii) was the climate:**

**very warm (tropical) or**

**very cold (icy)?**

**(iii) was the weather:**

**stormy (strong winds or waves) or**

**calm**

**[tick or circle your chosen answer]**
